Jeff,

We completely understand the workload challenges. Thanks again for taking a look, you raised some very good points regarding the repairs and provided some good options for our approach moving forward with access, etc.

Everyone thinks you did a fantastic job on the dams so we will definitely keep you in mind for the next one.

I will contact the surveyor tomorrow to find out about the survey quantities so we can get you paid.

Take care,

Chris Negelspach, P.E.
